

# Social Media: What Parents Need to Know

The Council of Elders Community Academy

**Saturday, January 29, 2022 • 9–10:30 a.m.**

In the 2022 New Year, some things may be different, while some things will remain the same. One thing that will remain the same is children's use of technology for social interaction with their peers. Teaching responsible technology use and monitoring our children's activity on social media is extremely important, as is the need to educate ourselves.

Come learn about the most popular social media sites students are accessing and effective practices for keeping your children safe when using social media. This session will be held virtually.
